- Questions

About

- An initiative of Ashish Mistry | www.Hcon.in
- Founded in April 2012
- Mission : "Sharing the spirit of learning"
- Vision: creating strong IT Security community with openness and friendly environment

What is Hcon Groups ?

- Its a local information security gatherings across different cities of india
- Open and Friendly platform for gaining and sharing knowledge
- A platform for new people to grow
- Conducting different events/activities
- A distributed but united community of people

Core Values

- Knowledge Sharing
 - *Opens the doors to learning new things*
- Synergy
 - *Different people coming together, creates a large pool of people with different skills sets and knowledge*
- Freedom
 - *Everyone is free to express their views*
- Equality
 - *Every individual should be treated equally & respectfully*
- Comprehensive
 - *Focus on every aspect of IT security*

What things are done ?

- Gathering for giving talks and presentations
- Discussions on topics and current happenings in IT security field
- Collaborative and open source projects
- Magazine publication
- Workshops for Education Institutes
- Awareness programs

How it works ?

- Every group has a moderator who is the common link between the members and the main core of HG so that all communication and handling is easy
- There is no FEES of any kind but for stopping leechers, members have to present any topic

Community

- Website: groups.hcon.in
- Mailing List: groups.google.com/forum/#!forum/hcon-groups
